## STORIES OF VICTORY

---

**“When you watch online, you feel like you’re in the room. When I listen to worship and the message, it gives me the energy, encouragement, inspiration, and motivation I need.”**

Lynn Burt, Norfolk, United Kingdom

**“When I started watching Victory online, my relationship with the Lord grew, which is something I had been praying about. Being a part of a church family that’s so welcoming has been the biggest blessing for me. I feel the presence of the Holy Spirit every time I watch.”**

Matt Harden, Cincinnati, Ohio

**“When churches were shut down in the U.K. during Covid, we found Victory Church and started to feel at home during such a strange time. Having such strong, sound teaching has been very powerful and has helped me grow. Victory is like a home away from home.”**

Steve Burt, Norfolk, United Kingdom
